Terms and Conditions

Parents are reminded that the College's Terms and Conditions, by which they agreed to be bound on entering their sons and daughters, stipulate that a full term's notice of intention to withdraw a boy or girl must be given in writing, otherwise full fees will be charged for that term in lieu of notice. The Terms and Conditions also state that parents whose payment has not reached College or the College Bankers by the first day of term will, unless they are making payment by direct debit or have a prior agreement with the Bursar or some other arrangement, be charged interest at a rate to be published on the amounts outstanding on their accounts. The current rate is 8% per annum charged daily. Such interest will be added to the extras account for the term in which it is incurred. A charge of £50 will be made for each represented cheque or unpaid direct debit payment request. It is the Council's firm intention that the above fees should be held constant throughout 2024-25. However, Council reserves the right to impose a surcharge without prior warning on the fees for the Spring and/or Summer Term 2025 if it becomes essential.
